

CONSENT FOR ACCESS TO PROPERTY

Name: The Resurrection Project an Illinois not-for-profit corporation

Address of Property: [REDACTED] S. Central Park, Chicago, IL 60632

We are the owners of [REDACTED] S. Central Park Avenue, Chicago, Illinois, which is a two-flat apartment building (the "Property"). The Property is currently rented to two (2) tenant households. It has been brought to our attention that at least one of the households has been contaminated by a release of mercury. We agree to provide the EPA access to the Property solely for the activities outlined below in order to investigate and remediate the potential mercury contamination on the Property and only for the amount of time necessary to investigate and remediate the potential mercury contamination on the Property.

We consent to officers, employees, contractors, and authorized representatives of the United States Environmental Protection Agency (EPA) entering and having continued access to this property for the following purposes:

- Containing hazardous materials present on the property;
- Conducting monitoring and sampling activity;
- Preparing for and disposing of hazardous materials;
- Performing other actions to investigate contamination on the property that EPA may determine to be necessary; and
- Taking any response action to address any release or threatened release of a hazardous substance, pollutant or contaminant which EPA determines may pose an imminent and substantial endangerment to the public health or the environment.

We realize that these actions taken by U.S. EPA are undertaken pursuant to its response and enforcement responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. §9601 et seq.

This written permission is given by us voluntarily, on behalf of ourselves and all other co-owners of this property, with knowledge of my right to refuse and without threats or promises of any kind.
